INTRODUCTION

Welcome to your new Raycon Power Speaker!

At Raycon, we develop and design innovative electronics so you can move and conquer your daily fast-paced life.

Before using your product, we strongly encourage you to fully read through this user guide. You can also visit our support center at www.rayconglobal.com/support.

This web page has more specific guidelines and helpful videos for you to navigate your product.

For best performance, charge fully before first use.

Pairing ID: The Power Speaker

We are Raycon. We create carefully crafted wireless audio products for go-getters who need tech that keeps up with them.

We teamed up with expert engineers, leading taste-makers, and platinum artists to design products you'll love to use.

We believe in the early risers and the one-more-milers of the world. Premium audio, inspired by you.

FEATURES AT A GLANCE

- 360° OMNI-DIRECTIONAL AUDIO**
With 360 degree sound you're completely surrounded by your soundtrack.
- IPX5 WATER RESISTANCE**
The Power Speaker goes hard and stays solid. With IPX5 Water Resistance it's as durable as it is incredible.
- MULTI-LINK MODE**
Multi-link mode gives you the ability to link multiple speakers together via Bluetooth to create soundscapes that fill your space.
- THREE SOUND PROFILES**
The Power Speaker enables you to select from 3 distinct sound profiles that match your mood or create a new one.
- 6 HRS OF WIRELESS PLAY TIME**
The Power Speaker runs loud for 6 hours. That's 360 incredible minutes of crystal clear sound that moves you.
- FOUR AUDIO MODES (FM, USB, AUX, BLUETOOTH)**
Listen your way with four audio modes including FM, USB, AUX, Bluetooth. No matter the source the Power Speaker has got you covered.
- WIRED MIC PORT**
With the Power Speaker, you're not just listening to mind-blowing sound, you're creating it. Spit bars, let your voice be heard or belt it out a tune by plugging your wired mic right in.

CHARGING YOUR DEVICE

1. Use a standard **5V/1-2A charger** or a **PC** to charge this device. Do **NOT** use a power bank.
2. Charge time should be 5-8 hours. While charging, the 4 LEDs will blink in sequence.
3. After fully charging, all 4 LED lights will stay on.

NOTE:
Adjust volume to medium level when charging to avoid chance of high current passage through speaker.

QUICK START GUIDE

1. Hold **Power On** for about 3 seconds to power on. Speaker will enter pairing mode automatically.
2. From the source device, go to Bluetooth settings and ensure Bluetooth is on. Search for "The Power Speaker" and select it to pair.
3. Enjoy your Raycon Power Speaker!

FUNCTIONS

Previous Song - Hold 1.5 seconds
Next Song - Hold 1.5 seconds
Play/Pause - Press
Volume Down - Press
Volume Up - Press

MULTI-LINK MODE

Pair two Power Speakers together with Multi-link Mode.

1. Power on both speakers and ensure they are not connected to any bluetooth device.
2. On one speaker, press **Multi-link** to begin pairing. A voice prompt will be audible once speakers are successfully paired.
3. From the source device, go to Bluetooth settings and ensure Bluetooth is on. Search for "The Power Speaker" and select it to pair.
4. Enjoy your Raycon Power Speakers with Multi-link Mode! Press **Multi-link** to unpair speakers.

Note:
Once two Raycon Power Speakers have been paired once using Multi-link Mode, they will automatically pair every time they are turned on within range of each other unless they are unpaired using step 4.

PLAYING MUSIC FROM USB DRIVE

You can also play music using a USB Drive. Note that if your Raycon Power Speaker is in Bluetooth Mode, inserting a USB Drive will automatically disconnect Bluetooth, and switch the speaker to USB Mode. To return to Bluetooth Mode, press **Multi-link** until Bluetooth Mode is selected.

1. Hold **Power On** for about 3 seconds to power on.
2. Insert a USB Drive into USB port. The speaker will play the stored music automatically.

AUX-IN MODE

To enjoy music from your MP3/MP4 player or other compatible device, use the supplied audio cable to connect from Line Out port on the device to the Aux In port on your Raycon Power Speaker.

The speaker will automatically switch to AUX Mode when a compatible device is connected using the audio cable.

While speaker is in AUX Mode, all media functions are controlled from the connected device.

FM RADIO MODE

1. Hold **Power On** for about 3 seconds to power on.
2. Press **Multi-link** until FM Mode is selected.
3. Hold **Play/Pause** for about 1.5 seconds to scan for FM channels
4. Hold **Volume Up/Down** for about 1.5 seconds to toggle between stored channels.

SOUND PROFILES

Listen the way you want! Hold **Multi-link** for 1.5 seconds to toggle between sound profiles.

BALANCED SOUND A leveled sound that is great for all around performance and clarity.	BASS SOUND Our bass boosted sound, great for songs with strong beats and a go-to for bass lovers.	PURE SOUND Our signature sound, designed by artists and producers at the top of the industry.
--	---	---

MICROPHONE

You can connect your wired mic (not included) directly to your Power Speaker. Ensure the speaker is powered on, plug your microphone into the 1/4" Wired Mic Port, and enjoy.

WARNING

- Do not use or store this in extreme temperatures.
- Store in cool and dry area and keep away from anything that generates heat, such as radiators, stoves, etc.
- Listen to music at a proper volume to avoid damaging your hearing and speaker.
- When cleaning this speaker, use a soft dry cloth. For more severe stains, dampen the cloth with water only. Anything else increases the chance of dissolving the paint or damaging the plastic.

FAQ & ADDITIONAL RESOURCES

For more information and instructions on how to get warranty service, visit www.rayconglobal.com/warranty.

SPECIFICATIONS

Model: RB9550
Pairing Name: The Power Speaker
RID: D950-21E-Q321
Bluetooth Version: V4.2+BR
Charging Time: about 5 Hours
Support Profile: A2DP/AVRCP
Speaker Size: 2.5 inch x 4 + 5.25 inch
Speaker Power: 74W
Battery Capacity: 4400mAh
Play time: about 6 Hours
Frequency Response: 80Hz-15kHz
Product size: 215(L) x 215(W) x 387 (H) mm
Bluetooth Operating Range: $\leq 10m$

FCC WARNING

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions:
(1) this device may not cause harmful interference, and
(2) this device must accept any interference received, including interference that may cause undesired operation. Any changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation.

If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help. The device has been evaluated to meet general RF exposure statement. The device can be used in portable exposure condition without restriction.

IC Caution:

Radio Standards Specification R55-Gen, issue 5

English:
This device contains licence-exempt transmitter(s)/receiver(s) that comply with Innovation, Science and Economic Development Canada's licence-exempt RSS(s). Operation is subject to the following two conditions:
This device must not cause interference.
This device must accept any interference, including interference that may cause undesired operation of the device.
RF exposure statement:
The equipment complies with IC Radiation exposure limit set forth for uncontrolled environment. This equipment should be installed and operated with minimum distance 20cm between the radiator and your body.

French:
Cet appareil contient des émetteurs / récepteurs exempts de licence conformes aux RSS (RSS) d'Innovation, Sciences et Développement économique Canada. Le fonctionnement est soumis aux deux conditions suivantes:
Cet appareil ne doit pas causer d'interférences.
Cet appareil doit accepter toutes les interférences, y compris celles susceptibles de provoquer un fonctionnement indésirable de l'appareil.
Déclaration d'exposition RF:
L'équipement est conforme à la limite d'exposition aux radiations de la IC établie pour un environnement non contrôlé. Cet équipement doit être installé et utilisé avec une distance minimale de 20 cm entre le radiateur et votre corps.

FCC ID: 2A20V-RB9550
IC: 27185-RB9550
