CHARGING YOUR STEREO HEADPHONES

When the red indicator LED blinks three times every minute and the voice prompt says "battery low," the battery is low. To charge the battery, plug the charging cable into your computer and into the micro USB port on your headphones. The red LED turns on to indicate that the battery is charging and turns off when fully charged.

USING YOUR STEREO HEADPHONES

Turning your stereo headphones on and off

- 1 Place the headphones around your neck and put the earbuds in your ears.
- 2 Press and hold (power button) more than two seconds. The LED blinks blue (when turned on) or red (when turned off) and the voice prompt says "Power on" or "Power off".

PAIRING YOUR STEREO HEADPHONES

Notes:

- Range is 33 feet (10 meters)
- Supports easy pairing
- Prompts you by saying "Your device is connected," when connected
- Supports a battery indicator icon on an iOS device
- Prompts you by saying "Your device is disconnected," when the bluetooth device disconnects.

Pairing with a cell phone or MP3 player

- 1 With your stereo headphones turned off, press and hold (power button) for four seconds. The blue and red LEDs blink alternately.
- 2 On your phone or MP3 player, select **INSIGNIA NS-HNECKPLUS** from the list of discovered devices, then enter the password **0000** (four zeros) (if required) to pair your headphones. For more information on pairing Bluetooth devices to your cell phone or MP3 player, see the device's documentation.

Note: You only have to pair a device once. Your headphones store the device information and automatically reconnect to the device.

Pairing with a computer running Windows

Note: Before you pair the headphones with the computer, make sure that the computer is equipped with Bluetooth. Refer to the computer's documentation or contact the computer manufacturer for more information. If your computer is not Bluetooth compatible, install a Bluetooth USB adapter (dongle).

- 1 Turn on Bluetooth on the computer.
- 2 Double-click the **Bluetooth** icon in the system tray, then click **Add a device**.
- 3 With the headphones turned off, press and hold  (power button) for four seconds. The LED blinks blue and red alternately. Pairing mode is activated.
- 4 Double-click the **INSIGNIA NS-HNECKPLUS** icon on the computer or highlight the icon, then click **Next**.
Note: If you are unable to locate the **INSIGNIA NS-HNECKPLUS** icon, click the **Search Again** button.
- 5 If required, enter **0000** (four zeros) in the **Bluetooth security code** field, then click **Next**.
- 6 After the headphones are paired, click **Close**.

Pairing with a Mac computer

Note: Before you pair the headphones with the computer, make sure that the computer is Bluetooth compatible. Refer to the computer's documentation or contact the computer manufacturer for more information. If your computer is not Bluetooth compatible, install a Bluetooth USB adapter (dongle).

- 1 Turn on Bluetooth on the computer.
- 2 Click the **Bluetooth status** menu.
- 3 Click **Set up Bluetooth Device**. The *Bluetooth Setup Assistant* opens.
- 4 Click **Continue**.
- 5 Select **Headset** as the device type, then click **Continue**.
- 6 With the headphones turned off, press and hold  (power button) for four seconds. The LED blinks blue and red alternately. Pairing mode is activated.
- 7 Select **INSIGNIA NS-HNECKPLUS**, then click **Continue**. The computer gathers information.
- 8 Click **Continue**.
- 9 Enter **0000** (four zeros) into the **Passkey** field, then click **Continue**.
- 10 Click **Quit** to finish.
Note: To use your headphones, they must be selected as the default input and output device on the computer.
- 11 Click **System Preferences**, then click **Sound**.
- 12 Under **Input**, select **INSIGNIA NS-HNECKPLUS**, then under **Output**, select **INSIGNIA NS-HNECKPLUS**.

RESETTING YOUR STEREO HEADPHONES

With your headphones turned off, press and hold the power button for six seconds. Your headphones vibrate for two seconds and enter pairing mode.

Poor sound quality

- Shorten the distance between your headphones and your Bluetooth device.
- Pair your headphones to a different Bluetooth device.
- Try changing the volume on your Bluetooth device.

LEGAL NOTICES

FCC statement:

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

FCC Caution:

Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

FCC Statement:

Note: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses, and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try and correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

RSS-Gen & RSS-247 Statement:

This device complies with Industry Canada license-exempt RSS standard(s).

Operation is subject to the following two conditions: (1) this device may not cause interference, and (2) this device must accept any interference, including interference that may cause undesired operation of the device.

Le présent appareil est conforme aux CNR d'Industrie Canada applicables aux appareils radio exempts de licence. L'exploitation est autorisée aux deux conditions suivantes : (1) l'appareil ne doit pas produire de brouillage, et (2) l'utilisateur de l'appareil doit accepter tout brouillage radioélectrique subi, même si le brouillage est susceptible d'en compromettre le fonctionnement.

RSS-102 Statement

This equipment complies with Industry Canada radiation exposure limits set forth for an uncontrolled environment.

Cet équipement est conforme à l'exposition aux rayonnements Industry Canada limites établies pour un environnement non contrôlé.
