DIGITAL SET-TOP BOX USER GUIDE

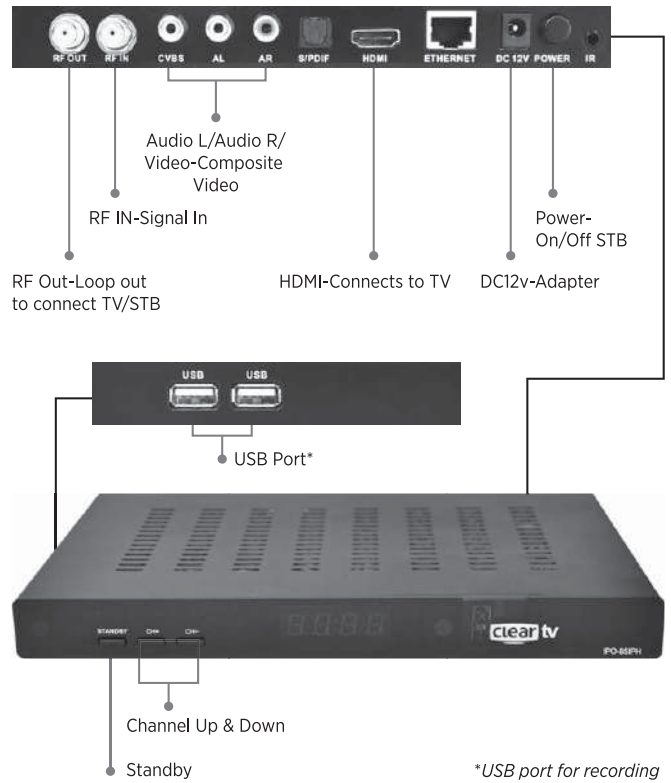

WELCOME TO clear tv

Congratulations! Welcome to Clear TV from SUBISU. Watch what you want anytime. Catch up on the latest episodes and full seasons of your favorite shows, or find the latest hit movies, kids programs, music and more.

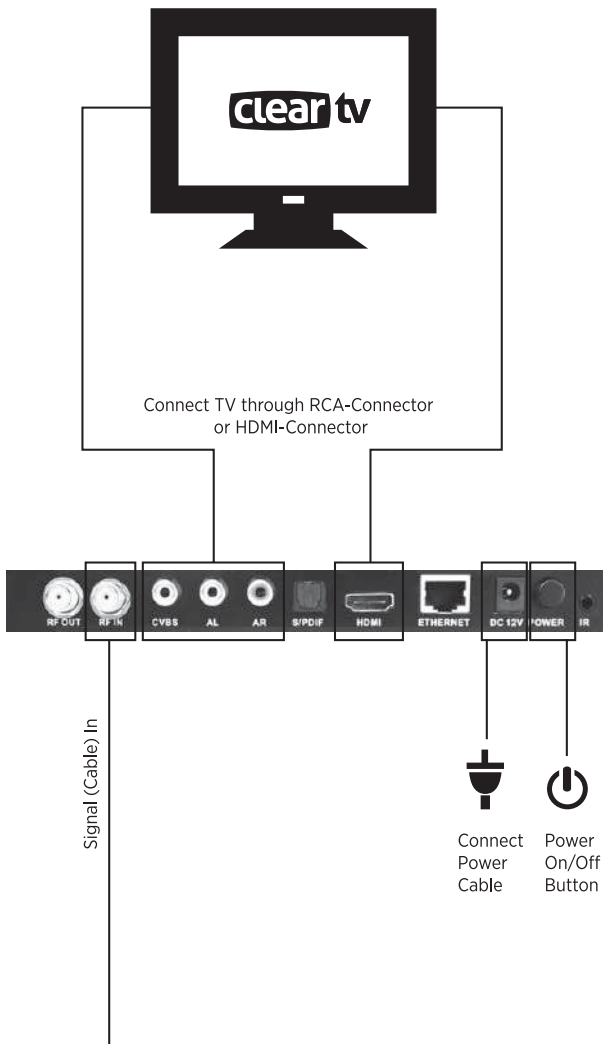

Clear TV Set Top Box (STB) is a high end device with a processing power over 1500 MIPS, supporting MPEG4, H.264 at 1080p resolution and the capacity to record and play any SD or HD program (PVR ready). Clear TV STB is prepared for pure IPTV or hybrid QAM-IPTV platforms. Designed for TV and Internet convergence, it supports video on demand services, some interactive Android 4.0 apps and over the top TV channels.

CLEAR TV STB IS FEATURE PACKED WITH:

1. The capacity to record and play multi-format contents on an external USB hard disk or flash memory
2. Home Screen (for one window overview of the entire service)
3. Electronic Program Guide (7 days detailed hour-by-hour program guide of each channel)
4. Favorite (to list favorite channel enabling to quick jump)
5. Catch-Up TV (catch up to your favorite program, if in case you miss them)
6. Video On Demand (watch movies, TV shows, documentaries, etc, of your choice)
7. Reminder & Recording (set up reminder or record program of your interest)
