

本设备能通过SONOFF 433MHz RF Bridge进行智能操作, 可与其其它产品互联互通。
このデバイスは、SONOFF 433MHz RF Bridgeと連携してインテリジェンティ化に操作できます。他のデバイスと互通できます。
The device can be operated intelligently via working with the SONOFF 433MHz RF Bridge to communicate with other devices.
Das Gerät kann intelligent betrieben werden, indem man mit dem SONOFF 433MHz RF Gateway arbeitet, um mit anderen Geräten zu kommunizieren.
L'appareil peut être utilisé de manière intelligente en travaillant avec la passerelle SONOFF 433MHz RF pour communiquer avec d'autres appareils.
Il dispositivo può essere azionato in modo intelligente attraverso SONOFF 433MHz RF Gateway per comunicare con altri dispositivi.
Urządzenie może być sterowane inteligentnie poprzez współpracę z mostkiem SONOFF 433MHz RF do komunikacji z innymi urządzeniami.
Enheter kan manöveras intelligenter genom att arbeta med SONOFF 433MHz RF Bridge för att kommunicera med andra enheter.
Het apparaat kan intelligent worden bediend door te werken met de SONOFF 433MHz RF Bridge om met andere apparaten te communiceren.
El dispositivo puede operarse de forma inteligente trabajando con el SONOFF de 433MHz RF puerta de enlace para comunicarse con otros dispositivos.
O dispositivo pode ser operado de maneira inteligente através do trabalho com o SONOFF 433MHz RF Bridge para se comunicar com outros dispositivos.
Устройство можно управлять интеллектуально посредством шлюза SONOFF производства компании SONOFF для обмена данными с другими устройствами.

Device can work with other gateways supporting 433MHz wireless protocol. Detailed information is in accordance with the product final.

Das Gerät kann mit anderen Gateways zusammenarbeiten, die das drahtlose 433MHz-Protokoll unterstützen. Detaillierte Informationen sind in Übereinstimmung mit dem Endprodukt.

Le dispositif peut fonctionner avec d'autres passerelles prenant en charge le protocole sans fil 433MHz. Les informations détaillées sont conformes au produit final.

Il dispositivo può essere utilizzato con altri gateway che supportano il protocollo wireless 433MHz. Le informazioni dettagliate sono conformi al prodotto finale.

Przedstawienie może współpracować z innymi bramami odbierającymi sygnały 433MHz. Szczegółowe informacje są zgodne z produktem koncowym.

Enheten kan fungera med andra gateway som stöder 433MHz trådlöst protokoll. Detaljerad information är enlighet med slutprodukten.

Het apparaat kan samenwerken met andere gateways die het 433MHz draadloze protocol ondersteunen. Gedetailleerde informatie is in overeenstemming met het eindproduct.

El dispositivo puede trabajar con otras puertas de enlace que sean compatibles con el protocolo inalámbrico de 433MHz. La información detallada es conforme al producto final.

O dispositivo pode funcionar com outras entradas que suportam o protocolo sem fio 433MHz. Informações detalhadas estão de acordo com o produto final.

роиство может работать с другими шлюзами, поддерживающими беспроводной протокол 433MHz. Доработанная информация соответствует характеристикам единого изделия.

① 摘下3M耐候膠膜。
② 安裝於天窗器皿和牆壁的安裝對位指標量尺對齊。
③ 分離貼紙在所開合區域（如窗戶）。

① Ta bort den skyddsfilmen från 3M-ljmetten.
② Försök att anpassa markeringsslinen på magneten till den på sändaren under installationen.
③ Montera dem separat i det område som krävs för öppning och stängning (t.ex. fönster).

④ 用剪刀或美工刀将胶膜剥下。
⑤ 将窗口的磁条与胶膜上的磁条对齐。
⑥ 将胶膜安装在开启闭合区域（如窗户）。

① Scheur de beschermfolie van de 3M lijm af.
② Probeer tijdens de installatie de markeringsslijn op de magneten aan te passen aan die op de zender.
③ Installeer ze afzonderlijk in de verschillende openings- en sluitingsgebied (zoals ramen).

⑦ 取下保护胶膜。
⑧ 尝试将标记线与磁铁上的标记线对齐。
⑨ 在开启闭合区域（如窗户）安装它们。

⑦ Retirar la pellicola protectora del adhesivo 3M.
⑧ Ajustar la marca de la linea de marcas con la linea de marcas en el sensor de transmision.
⑨ Instalarlos en la zona de apertura y cierre de forma separada (como ventanas).

⑩ 从胶膜上撕下保护层。
⑪ 将窗框上的磁条与胶膜上的磁条对齐。
⑫ 将胶膜安装在开启闭合区域（如窗户）。

⑩ Raspé la pelicula protectora del adhesivo 3M.
⑪ Ajuste la marca en la linea de marcas en la mar con aquella en el transmisor para la apertura y cierre.
⑫ Instale-los en la area separada para la apertura y cierre (como una janela).

⑬ 从胶膜上撕下保护层。
⑭ 尝试将标记线与磁铁上的标记线对齐。
⑮ 将胶膜安装在开启闭合区域（如窗户）。

⑬ Odstranite zaštitnu plastičnu foliju s klejem 3M.
⑭ Prijenosno upotrebljivo probijte vrvom liniju metki na magnetne s linijom na prenosniku.
⑮ Uстановите их отдельно в нужной области открывания и закрывания (например, на окнах).

Добавьте суб-устройства

(1) **添加子设备前, 请先连接网关。**
付属設備を追加する前に、ゲートウェイを接続してください。
Connect the Bridge before adding the sub-device.
Brücke vor dem Hinzufügen des Subgeräts verbinden.
Schließen Sie die Brücke an, bevor Sie das Untergerät hinzufügen.
Connexionnez la passerelle avant d'ajouter le sous-dispositif.
Collegare il Gateway prima di aggiungere il sotto-dispositivo.
Podłącz bramkę przed dodaniem urządzenia podzreźnego.
Slutt de gateway innan du lägger till underenheter.
Conecte la puerta de enlace antes de agregar el subdispositivo.
Conecte a puerta de enlace antes de adicionar o sub-dispositivo.
Подключите шлюз перед добавлением суб-устройствa.

des à la "WWLINK-APP" et sélectionnez le Passerelle, appuyez à l'aide d'un "pouce" sélectionnez l'alarme, et lorsque vous nedez un "Pip", cela signifie que le Passerelle entre en de à coupleage. Séparez ensuite l'aimant pendant plus 0 mm de l'émetteur jusqu'à ce que le voyant LED reste pendant 1 à 2 s, et le coupleage est terminé lorsque entendez "Bip Bip".

alla all'APP "WWLINK e selezionare il Gateway, premere con il dito indice per selezionare l'allarme, quando la modalità di associazione, emetterà un segnale sonoro. Separate quindi il magnete per più di 20 mm dal mittitore fino a quando l'indicatore LED rimane acceso ad "Bip", l'associazione sarà completata quando il dispositivo invierà un segnale sonoro per due volte "Bip Bip".

Wwlink APP i wybierz bramę, dotknij przycisku aby wybrać alarm, podczas gdy włączono tryb do parowania, na następnie oddziel magnes na więcej niż 20 mm od nadajnika, wtedy wskaźnik LED pozostanie włączony 1-2 s, parowanie zostanie zakończone po usłyszeniu dźwiękowym.

Älgang till WWLink App och välj gateway, klicka på "Lägg till valt larm", och välj "Pip" betyder att gatewayen går att koppla ihop, se till att den magneten mäter mer än 20 mm från den LED-indikatören lyser 1-2 s, och parningen är här du "pip pip".

gaan naar de WWLink App en selecteer de gateway, tik op "voegen om" wanneer het alarm te selecteren, en een "Piep" kent dat de gateway in de koppelingsmodus komt, dit vervolgen door magneten meer dan 20 mm van de rotatief LED-indicator gedurende 1-2 seconden branden, de koppeling zal voltooid worden wanneer u een "Piep Piep".

la conexión es en el modo de "pairing", y entonces si pulsa "alarm" para seleccionar la alarma, y un sonido "Pip" significa que el Puente entra en el modo de emparejamiento, o, aleje el imán a unos 20 mm del transisor hasta que el indicador LED se mantenga encendido entre 1 y 2 s. El emparejamiento se completará cuando escuche "Pip Pip".

eWeLink APP and select the Bridge, tap "Add" to add it, and a "Beep" sound means the Bridge enters the pairing mode. Then separate the magnet from the metal transmitter so the LED indicator stays on for 1 to 2s, "pairing is complete when you hear 'Beep'", "pairing is complete when you hear 'Beep'" and "pairing is complete when you hear 'Beep'" will repeat until you click "Add", that's why we call it "Zummer". It means the bridge has been paired in the pairing mode. Then remove the magnet from the metal transmitter, all the pairing process will be completed in 1 minute. When the Zummer repeats itself, it means the connection is established.

A large QR code is positioned at the top left of the page. Below it, the URL "sonoff.tech/usermanuals" is written in blue text. The main content area contains two columns of text in German. The left column discusses the product's features and how to use the app. The right column provides troubleshooting tips and information about the equipment's performance and safety. Both columns conclude with a note about the equipment being certified by TÜV Rheinland.

Statement

With part 15 of the FCC Rules. Operation is subject to the following two conditions:

- To cause harmful interference, and
- To receive interference in which case the user will be required to correct the interference at his own expense.

Modifications not expressly approved by the party liable could void the user's authority to operate the equipment.

This equipment has been tested and found to comply with the limits of a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the unit off and on, the user is encouraged to try to correct the problem by one or more of the following measures:

- Reorient or relocate the equipment and receiver.
- Move the equipment away from the receiver.
- Plug the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

Statement: FCC radiation exposure limits set forth in this document are based on the assumption that the equipment will be installed and operated in conjunction with the manufacturer's recommended antenna and power level.

The equipment must not be co-located or operating in conjunction with a transmitter.

EU Declaration

Herby, Shenzhen Sonoff Technology Co., Ltd. declare that the radio equipment with Directive 2014/53/EU of conformity of availability.

<https://www.sonoff.com>

WEEE Disposal

All products are electronic equipment which should not be disposed of in household waste. Instead, they should be disposed of via designated collection points for recycling and disposal in accordance with the environmental laws of your country about the location of collection point.

EU Declaration of Conformity

Hereby, Shenzhen Sonoff Technologies Co., Ltd. declares that the radio equipment type DW2-RF is in compliance with Directive 2014/53/EU. The full text of the EU declaration of conformity is available at the following internet address: <https://www.sonoff.tech/usermanuals>

Do not ingest batteries or keep them in children's reach.
Keep new and used batteries away from children.
If the battery compartment does not close securely, stop using the product and keep it away from children. If you think batteries might have been swallowed or placed inside any part of the body, seek medical advice without delay.
Do not replace a battery with an incorrect type.
Disposal of a battery into fire or a hot oven, or mechanically crushing or cutting of a battery, that can result in an explosion. Leaving a battery in an extremely high temperature surrounding environment that can result in an explosion or the leakage of flammable liquid or gas.
A battery subjected to extremely low air pressure that may result in an explosion or the leakage of flammable liquid or gas.
Do not short-circuit batteries.
Do not use new and old batteries together.
Do not use batteries of different types/manufacturers together.
Do not use batteries in reverse polarity.

of Conformity

Shenzhen Sonoff Technologies Co., Ltd. declares that the radio equipment type DW2-RF is in compliance with the full text of the EU declaration of conformity at the following internet address: <https://www.sonoff.tech/usermanuals>

WEEE and Recycling Information

Bring this symbol is waste electrical and electronic equipment (WEEE) as in directive 2012/19/EU must be disposed with unsorted household waste. Please do not dispose of and handing over your waste equipment to a ect point for the recycling of waste electrical equipment appointed by the local authority. Consider the effects and prevent potential negative consequences to the environment and human health. Please contact the local authorities for more information as well as terms and conditions of such services.
