通电后，设备首次使用，默认进入快速添加模式(Touch)，风扇灯蜂鸣器呈两短一长鸣响。
After powering on, the device will enter the quick pairing mode (Touch) during the first use, then the fan makes two short beeps and one long beep.

Nach dem Einschalten wechselt das Gerät bei der ersten Inbetriebnahme in den Schnellkopplungsmodus (Touch). Der Ventilator zweifache kurze und einen langen "Piep"-Ton abgibt.

Después de encender, el dispositivo se pondrá en modo de emparejamiento rápido (Touch) durante el primer uso. El ventilador emite dos pitidos cortos y uno largo.

Après allumage, l'appareil entre en mode d'association rapide (Touch) lors de l'utilisation initiale. Le ventilateur émette deux bips courts et un bip long.

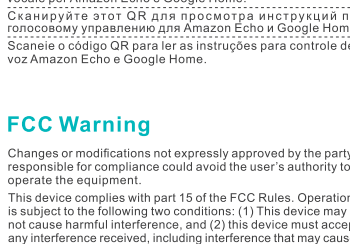

Após ligar o dispositivo entrará no modo de pareamento rápido (Touch) durante o primeiro uso. Então soará dois beeps curtos e um longo.

После первого включения устройство перейдет в режим быстрого сопряжения, вентилятор издаст два коротких и 1 длинный звуковых сигнала.

Após ligar o dispositivo entrará no modo de pareamento rápido (Touch) durante o primeiro uso, então soará dois beeps curtos e um longo.

三分钟内没有进行配对，设备将退出快速添加模式，如需再次进入，长按“配对按钮”或RM433R2遥控器“Wi-Fi配对按钮”5秒直到风扇灯蜂鸣器呈两短一长鸣响即可。
If not paired within 3mins, the device will exit the quick pairing mode (Touch). If you need enter again, long press the “configuration button” on the controller or “Wi-Fi pairing button” on the RM433R2 remote controller and hold 5s until the fan makes two short and one long “bi” sound and release.

Wenn das Gerät nicht innerhalb von 3 Minuten gekoppelt wird, wird der Schnellkopplungsmodus (Touch) beendet. Wenn das Gerät erneut gekoppelt werden muss, halten Sie die “Konfigurationstaste” auf der Steuerung oder die “Wi-Fi-Pairing-Taste” auf der RM433R2-Fernbedienung 5 Sekunden lang gedrückt, bis der Ventilator zwei kurze und einen langen “Piep”-Ton abgibt. Lassen Sie dann die Taste los.

Si el dispositivo no queda emparejado en un plazo de 3 minutos, saldrá del modo de emparejamiento rápido (Touch). Para acceder de nuevo a este modo, mantenga pulsado el botón de configuración del controlador o el botón de emparejamiento de Wi-Fi del control remoto RM433R2 durante 5 segundos hasta que el ventilador emita dos pitidos cortos y uno largo y suéltelo.

Sans jumelage dans les 3 minutes, l'appareil quitte le mode de jumelage rapide (Touch). Pour y revenir, appuyez au moins 5 s sur le « bouton de configuration » du contrôleur ou sur le « bouton de jumelage du Wi-Fi » de la télécommande RM433R2 jusqu'à ce que le ventilateur émette deux bips courts et un bip long puis relâchez.

Se non viene effettuato l'abbinamento entro 3 minuti, il dispositivo uscirà dalla modalità di abbinamento rapido (Touch). Se avete necessità di effettuare nuovamente l'accesso, premere a lungo il “pulsante di configurazione” sul controller o il “pulsante di abbinamento Wi-Fi” sul telecomando RM433R2 e tenerlo premuto 5s fino a quando il ventilatore emette due suoni brevi e uno lungo, quindi rilasciare.

Если сопряжение не установлено в течение 3 минут, устройство перейдет в режим экспресс-сопряжения (Touch). Если необходимо повторить ввод, нажмите “кнопку настройки” на контроллере или “кнопку сопряжения по Wi-Fi” на дистанционном контроллере RM433R2 и удерживайте ее 5 секунд, пока вентилятор не издаст два коротких и 1 длинный звуковых сигнала, после чего отпустите кнопку.

Se não for pareado em até 3 minutos, o dispositivo sairá do modo de pareamento rápido (Touch). Se você precisar entrar nesse modo novamente, pressione o botão de configuração no controle ou o botão de “pareamento Wi-Fi” no controle remoto e segure por 5 segundos até que você ouça dois “beeps” curtos e um longo e solte.

Metodo di accoppiamento tra il dispositivo e il telecomando SONOFF RM433R2.
Метод связывания устройства и пульта дистанционного управления SONOFF RM433R2.
Método de pareamento para dispositivo SONOFF RM433R2 controle remoto:

在设备上电后的5秒内长按遥控器任意按键至风扇灯蜂鸣器“滴”一声，即可配对成功，如5秒内未进行下一步操作，请重新上电。
Please press any button within 5s after powering on again until the ceiling fan makes a sound “di”, and pairing is successful.

Drücken Sie bitte innerhalb von 5 Sekunden nach dem Wiedereinschalten eine beliebige Taste, bis der Deckenventilatoren Ton „di“ abgibt, dann ist die Kopplung erfolgreich ausgeführt. Wenn innerhalb von 5 Sekunden keine nächsteBedienung erfolgt, schalten Sie das Gerät bitte zum Kuppelnernueut ein.

Pulse cualquier botón en un plazo de 5 s después de volver a encenderlo, hasta que el ventilador de techo emita un pitido y el emparejamiento se haya realizado correctamente. Si no se realiza ninguna operación en un plazo de 5 segundos, vuelva a encender el dispositivo para emparejarlo.

Appuyez longuement sur l'un des boutons dans les 5 s après avoir rallumé le ventilateur de plafond jusqu'à ce que le ventilateur émette un bip, le jumelage est alors effectué. Sans opération dans les 5 s, veuillez le rallumer pour effectuer le jumelage.

FCC Warning

Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

FCC Radiation Exposure Statement:
This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment. This equipment should be installed and operated with minimum distance 20cm between the radiator & your body. This transmitter must not be co-located or operating in conjunction with any other antenna or transmitter.

Note: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

10

—Reorient or relocate the receiving antenna.
—Increase the separation between the equipment and receiver.
—Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
—Consult the dealer or an experienced radio/TV technician for help.

Hereby, Shenzhen Sonoff Technologies Co., Ltd. declares that the radio equipment type iFan04-L / iFan04-H is in compliance with Directive 2014/53/EU. The full text of the EU declaration of conformity is available at the following internet address:
<https://sonoff.tech/usermanuals>

Este equipamento não tem direito à proteção contra interferência prejudicial e não pode causar interferência em sistemas devidamente autorizados.
